## ~ IMPORTANT NOTICE

to Existing Interbets Account Holders still on the "old" system!  
Time is running out to switch to the new system.  
**Get a \$10 Conversion Bonus** now through June 30, 2018.

The time has come. All existing accounts must be converted to the new system in early July. The old system simply cannot keep up with technical demands in the wagering world today and must be shut down. Besides, you're going to love the new system once you use it a few times. The cut over date will be determined in the next few days.

*Tip: Convert early in the week when your favorite track is NOT racing for time to learn the new system.*

You're already missing out on rewards and bonuses:

- > "Trifecta Madness" Bonus Bucks Reward is being offered right now to account holders wagering under \$2,000 per month.
- > The full Interbets Rewards Program is automatically offered to accounts wagering over \$2,000 per month.

There's a bonus for every player level. We'd love you to convert right now to be eligible to earn any and all rewards offered, Bonus Bucks, etc. Once you're converted you'll automatically earn all rewards you qualify for.
