**RULES:** Game participants must be over 18 years old and prepared to show proof of age when collecting a prize. Only one\* game piece certificate allowed per participant. If a runner is scratched or there is no runner with a designated runner number then that game piece is a loser. The winning game piece is the one with the winning runner in a specific race\* designated on the original, unique game piece. No photocopies accepted. If the race has multiple first place winners, a.k.a. a dead heat, then the players with winning certificates will split the prize. If the race is cancelled for any reason then the game is cancelled\* for that race and no prize is awarded. Game pieces have no value other than as described within the rules of the game. See branch supervisor with any questions on rules.

*\*Decisions by the designated Contest Director are final. Any OTB Game event may change race # or game piece distribution method, and any OTB Game event may be canceled without notice at the Contest Director's sole decision.*
